Q15. Is there anything else you would like to say about your school?

19	The work is too easy and the expectation lax. Please give harder work and more support to give students the edge they will need to succeed in later life. Course plans should be examined by administration more deeply and more lessons should be observed. Working in groups during class on projects is fine, but group grades should include nothing but teamwork skill level.	Mar 20, 2011 5:28 PM
20	Please give us better opportunities to succeed and learn more. If we need to learn on our own, give us the resources to do so.	Mar 20, 2011 5:36 PM
